EXPERT INSIGHT SESSION AT BRS 2024

OPTIMISING CARE FOR ADULTS WITH RARE METABOLIC BONE CONDITIONS: A NETWORK APPROACH

Thursday 11th July 2024 | The Edge, Sheffield | 14:55 - 15:40

Join us at this expert symposium where we will discuss **updates on advances within adult rare metabolic bone conditions**, including an update on a **proposed framework to enhance adult metabolic bone services** that is currently being piloted, followed by a session discussing the **latest developments in treating adults with XLH**.

Chair

Professor Richard Keen

Consultant in Metabolic Bone Diseases,
Royal National Orthopaedic Hospital NHS Trust

Speakers and Expert Panel

Dr Gavin Clunie

Consultant Rheumatologist and Metabolic Bone Physician,
Cambridge University Hospitals NHS Foundation Trust

Dr Judith Bubbear

Consultant in Metabolic Bone Diseases,
Royal National Orthopaedic Hospital NHS Trust

Professor Kassim Javaid

Consultant Rheumatologist,
Oxford University NHS Foundation Trust

WHY ATTEND?

To hear about the **latest real-world data** on treatment of XLH in adults in England.

To explore a proposed framework for a **networked service model for care** of adults with rare bone conditions in England.

To engage and learn about XLH with an opportunity to **ask experts your questions.**
