Introduction
A statement about the aims and objectives of the study

Methods
A description of the methodology that you have adopted, including any assumptions

Results
Include examples of the main results of the study

Conclusions
List the main findings and your thoughts about how the work could be progressed further

Formatting your poster

1. Keep fonts simple and use one or two different fonts only
2. Font size – your poster should be easily legible at a distance of 1.5 metres. We recommend the following minimum font sizes:

   Title 84 pt
   Authors/addresses 42 pt
   Section Headings 30 pt
   Text 24 pt

3. Keep use of colour to a minimum
4. Maintain a consistent style
5. Keep text to a minimum
6. Neutral colours work better as a background than bright colours
7. Make use of graphics where possible
8. Only include what is absolutely necessary
9. Do not overload tables and figures with information
10. Be selective when showing results
11. Check spelling
12. Above all, keep it simple

Poster pitching
If you have been offered a poster pitching slot please read the following:
You will have 90 seconds to tell the audience why they should visit your poster. There will be no time for questions. You should present 2 slides. Both slides should have your poster number in the top left hand corner at a size equivalent to 60 in Arial Font. The first slide should have the title of your poster and the name and designation of the presenting author only. The second slide should contain the important message of your poster and could include an image and/or a graph. Please do not use animations nor fill the slide with too much information. Presentations will be in numerical order of poster number so you
must be ready to present on time. Odd numbers on Thursday, even numbers on Friday – see programme for details.

**Disclosure**
All presenters must include details of any potential conflicts of interest on their slides or posters - you must include details of any company support given, whether in conducting the research, analysing the data or preparing the presentation.
