
Bone Research Society ANNUAL MEETING 2026

8-10 JULY 2026  LONDON, UK

INFORMATION FOR SPEAKERS

Advance Submission of Presentations

To ensure smooth transitions between talks, **all invited speakers and oral communications presenters** are asked to submit their PowerPoint presentations in advance.

Please **email your slides by 17:00 on Thursday 2 July 2026** to events@boneresearchsociety.org

File naming:

Please clearly name your file using **your name + your talk title**.

Once received, we will ensure your presentation is preloaded onto the lecture theatre desktop and ready for you to open at the podium.

If you experience difficulties sending your slides by email, you may upload them via **WeTransfer** or **Dropbox** and share the link with: events@boneresearchsociety.org

If you are **unable to submit your slides in advance**, please bring them on a **USB stick** and give them to a member of the BRS Events Team on arrival.

Important:

- Bring a **backup copy** on a USB stick.
- **Do not** bring your presentation on a laptop – there is not enough time in the programme to switch computers.

Presentation times

If you are unsure of your allocated time, please refer to previous correspondence from the meeting organisers:

- **Main Programme Speakers (Symposia 1–7): 30 minutes total** (recommended: 25 minutes presentation + 5 minutes Q&A)
- **Oral Communications Speakers (Symposia 1–7): 10 minutes total** (recommended: 7 minutes presentation + 3 minutes Q&A)

Presentation Guidelines

- Please keep strictly to your allocated time.
- Sit in the **front row** so you can move to the stage promptly as the previous speaker finishes.
- Ensure all slide content (text, graphs, images) is large enough to be easily readable across the auditorium.

- Use the standard **16:9 slide ratio**.
- As a guide, aim for **no more than two slides per minute**.
- High-contrast colour combinations improve readability; **yellow or white text on a mid-to-dark blue background** works well.

Please note: You will be asked to stop if you exceed your presentation time.

Disclosure Requirements

All presenters must include a slide disclosing **any potential conflicts of interest**. This should include details of **any company support**, including:

- research funding
- assistance with data analysis
- support preparing the presentation

Questions?

If you have any queries, please contact the BRS Meeting Team: events@boneresearchsociety.org
